

# Heisplan

Inspired in design, comfort and simplicity, LIVING home lifts offer a range of extraordinary possibilities. We combine creativity, technical know-how and professional commitment to ensure an exceptional construction and lifelong durability. The highest standards of quality and safety are assured.

**LIVING CLASSIC** is our most cost effective lift in the LIVING collection. It is the perfect solution for your home, giving you ease of mobility in essential style. Travelling vertically from floor to floor, LIVING CLASSIC requires less space than a stair lift that blocks your stairs. It can be positioned almost anywhere, for example, from the garage to the hallway, or entryway to the bedroom. The lift is painted in white to blend in with most environments.

**Measurements**
