

Heisplan

Inspired in design, comfort and simplicity, PRIME offers a range of extraordinary possibilities. We combine creativity, technical know-how and professional commitment for an exceptional construction and lifelong durability. All of our platform lifts comply with European standards and regulations.

PRIME CLASSIC 7000 is the most popular platform lift in the PRIME series. Painted in white, it blends into almost any environment. Whether it is a school, shop, office or other public area, you get prime mobility at all levels. Students, employees, customers, people carrying heavy bags, pushing a cart or stroller, or travelling in a wheelchair, can all move easily from one floor to another. PRIME CLASSIC 7000 rises up to 13 meters and has robust walls. It is available in two different platform sizes and with a range of technical options.
